

VAN Clinical Forum 23 July 2019, Sydney

Supporting a Skilled and Integrated Workforce: Exploring New Frontiers

- **203 workers attended**
- **140 evaluations received**
- **69% response rate**
- **Length of service**
 - 2 -5 years 27%
 - 5+years 18%
 - 10 + years 16%
- **Participants:**
 - 38 CPCS
 - 32 SAS
 - 14 JCPRP
 - 13 VAN/combined services
 - 7 DV services
 - 23 other

Evaluation Outcomes

-  ➤ 79% respondents started their understanding of how to identify and assess harmful sexual behaviours (HSB) was now good or very good
-  ➤ 74% of respondents stated their understanding of how to work with children, young people and their families, who present with problematic and/or HSB was now good or very good
-  ➤ 72% of respondents stated their understanding of how collaborative practice with Aboriginal communities can 'look' in the CPCS context was now good or very good
-  ➤ 71% of respondents stated their understanding of how integrated practice across Health can 'look' in a rural setting was now good or very good

Forum Highlight: Professor Simon Hackett presentation "Extremely informative and relevant information that engendered great hope for work we do with children & young people & their families"

Ideas for improvement:

- ❖ More input from panel, less case study discussion

Future Topics:

- ❖ Working with men who use violence and fathering
- ❖ Shorter, local presentations on integrated practice
- ❖ Therapeutic models/work with Aboriginal families

Participant feedback:

- ❖ "Thanks for the forum-great opportunity to hear about best practice and new research-also the networks"
- ❖ "Thank you for such a motivational and informative conference. I truly enjoy hearing that we all believe in the importance of Family Interventions as a key concept in the CP and SAS Therapy. I would like to see more Family Sessions in SAS."
